ABOUT MALAYSIA

Multiculturalism has not only made Malaysia a gastronomical paradise, it has also made Malaysia home to hundreds of colourful festivals. It's no wonder that we love celebrating and socialising.

Geographically, Malaysia is as diverse as its culture. There are two parts to the country, 11 states in the peninsula of Malaysia and two states on the northern part of Borneo. Cool hideaways are found in the highlands that roll down to warm, sandy beaches and rich, humid mangroves.

One of Malaysia's key attractions is its extreme contrasts. Towering skyscrapers look down upon wooden houses built on stilts, and five-star hotels sit several metres away from ancient reefs.

For the perfect conference full of surprises, eclectic cultures and natural wonders, the time is now, the place is Malaysia.
