12:10 – 12:30	The Unequivocal Role of MDD <i>Speaker : Dr Syazatul Syakirin Sirol Aflah</i>
12:30 – 14:00	Lunch Talk Optimizing Treatment in IPF Speaker : TBC (Overseas)
BREAK & FRIDAY PRAYER (1.17PM)	
Pragmatic Management & Diagnosis of IPF	
Concurrent Session	

Clinicians

1400-1430

Current challenges (local scenario) and holistic management

Speaker : Dr Syazatul Syakirin Sirol Aflah

1430-1500

Idiopathic Pulmonary Fibrosis: The Radiologist's role in making diagnosis

Speaker: TBC(Overseas)

1500-1530

Early, Mild-Moderate & Severe IPF Stages: Are They Treated the same?

Speaker : TBC (Overseas)

1530-1600

Dealing with anti-fibrotic medications

Speaker : TBC (Overseas)

1600-1630

Palliative Care in IPF

Speaker : Dr Richard Lim Boon Leong (TBC)

1630-1700

Pulmonary Rehabilitation in IPF

Speaker : Puan Izyan Shamimi Rosli

Q&A Session

Radiologist

BACK TO BASIC SESSION (1400-1600)

1. Anatomy of HRCT Thorax
2. Pattern recognition 1: linear and reticular
3. Pattern recognition 2 : multiple nodules and nodular opacity
4. Pattern recognition 3 : parenchymal opacification
5. Pattern recognition 4 :Air filled cystic lesion
6. Pattern recognition 5 : Decreased lung attenuation Part 1
7. Pattern recognition 6 : Decreased lung attenuation Part 2

ADVANCED (1600-1700)

1. How to Interpret Radiologist Aspect of IIP Guidelines
2. 2018 ATS-ERS-JRS- ALAT Guidelines & Fleischner Document: Building Bridges from a Radiologist's Perspective

Autoimmune related ILD	
08:00 – 08:45	The spectrum ILD in CTD Speaker: TBC (Overseas)
08:45 – 10:00	HRCT in CTD-ILD 1.Common patterns in CTD-ILD 2.Fibrosis scoring – how to do it? Speaker: TBC (Overseas)
10:00-10.30	BREAK
Concurrent session	
Clinician	Radiologist
10:30 – 12.30 Clinical Management & Treatment of Scleroderma – ILD and recent updates Speaker : TBC (Overseas/Local) Rheumatoid arthritis –lung disease and treatment Speaker : TBC (Overseas) The antibodies and clinical relevance in myositis ILD Speaker : TBC (Overseas) IPAF: where does it belong? Speaker : TBC (Overseas/Local)	1030-1230 HRCT pattern of: <ol style="list-style-type: none"> 1. NSIP 2. Smoking related ILD 3. Subacute IP/OP 4. HP 5. Cystic Lung Disease
12:30 – 14:00	Lunch Talk & Break The Horizon Beyond IPF : Non IPF IIP Speaker : TBC (Overseas)
14:00 – 15:00	Case Discussion – IPF/PF-ILD/Non-IPF IIP Panels <i>Clinician, Radiologist</i> Moderator: <i>Dr Noorul Afidza Muhammad</i>
15:00 – 16:00	Case Discussion – CTD-ILD & IPAF Panels <i>Clinician, Radiologist, Rheumatologist</i> Moderator: <i>Dr Syazatul Syakirin Sirol Aflah/Dr Hazlyna Baharuddin</i>
16:00 – 16:45	The wrap of other ILD spectrum (the summary: PPFE, Sarcoidosis, HP, LAM, LCH) <i>Speaker: Assoc Prof Pang Yong Kek</i>
16:45– 17:00	Q&A Session
