CHANGING LANDSCAPE IN EARLY LUNG CANCER WITH IMMUNOTHERAPY: WHAT'S NEW?

11th March

Saturday

Event: Lung Cancer Symposium 2023.

The Experts:

Chairperson

Professor Dr. Liam Chong Kin

MBBS (UM), MRCP (UK), FRCP (London), FCCP (USA), FAPSR

Professor Dr. Liam Chong Kin is a fellow of the American College of Chest Physicians, Royal College of Physicians (London) and the Asian Pacific Society of Respirology, and an active member of the International Association for the Study of Lung Cancer and the European Respiratory Society. He is the chairman of the Malaysian Thoracic Society Science and Research Committee and a member of the Asian Pacific Society of Respirology (APSR) Research Committee. He has been invited to speak at regional and international meetings such as the Asian Pacific Society of Respirology (APSR) Congress and the World Conference on Lung Cancer. His clinical and research interests include novel molecular targeted therapies and immunotherapy for lung cancer as well as novel therapies for asthma and COPD. He has published 178 scientific papers in peer-reviewed medical journals and is the author or co-author of 295 papers presented at scientific meetings.

Dr. Toh Chee Keong

MBBS (S'pore), MRCP (UK), FAMS (Medical Oncology)

Dr Toh Chee Keong is a medical oncologist at Curie Oncology who sub-specializes in thoracic oncology, genitourinary oncology, as well as head and neck cancers. He graduated from National University of Singapore with the Gibb's gold medal, followed by MRCP (UK) and specialist accreditation in Medical Oncology. He spent time at Burnham Institute in La Jolla and Roger Moores Cancer Centre under the Health Manpower Development Programme award. He was director of clinical research at Raffles Cancer Centre before joining Curie Oncology. Among his achievements, he pioneered investigating the clinical characteristics of lung cancer among the never-smokers when molecular characteristics were obscure. He was the lead of the Lung Cancer Consortium project at National Cancer Centre to coordinate lung cancer research in Singapore, which paved the way for discoveries. He was also part of the team of the Large Collaborative Grant on 'Next-Generation Clinical Trials and Integrative Research for Fighting Lung Cancer' awarded by National Medical Research Council. He has led and was a co-investigator in many clinical trials. He was also a member in the workgroup for the Singapore Cancer Network (SCAN) guidelines for lung cancer, kidney cancer, prostate cancer and bladder cancer. In the area of teaching, he was assistant professor at the Yong Loo Lin School of Medicine, NUS and Duke-NUS medical school.

Speaker

Agenda:

Time	Agenda	Speakers
12:00 - 12:10pm	Presentation on early-stage NSCLC landscape in Malaysia	<i>Prof Liam Chong Kin</i>
12:10 - 12:30pm	Presentation of IMpower010 study	<i>Dr Toh Chee Keong</i>
12:30 - 12:55pm	Clinical Case Study Discussion	<i>Dr Toh Chee Keong, Dr Yap Beng Khiong, Mr Soon Sing Yang, Prof Liam Chong Kin</i>
12:55 - 01:00pm	Closing remarks	<i>Prof Liam Chong Kin</i>

Meet the expert!

with *Dr Toh Chee Keong*
at **3:40pm - 4:40pm.**
