

2026 KALC Workshop for International Young Member

| Date | **Wednesday, September 9th, 2026**

| Location | B3 Grand Auditorium, Konkuk University Medical Center, Seoul, Korea

INVITATION

Dear colleagues,

On behalf of the Korean Association for Lung Cancer (KALC), it is my honor and pleasure to invite you to the 2026 Workshop for International Young Member, scheduled for Wednesday, September 9th, 2026, in Seoul, Korea, and held together with KALC International Conference 2026. As the landscape of thoracic oncology shifts toward more complex, integrated treatment modalities, the role of early-career specialists in driving clinical excellence has never been more vital.

This year's workshop is specifically designed to move beyond traditional lectures by providing a "Future Investigator's Toolkit," where we will dive deep into selecting clinical endpoints that truly impact patient outcomes. We have also incorporated a practical hands-on workshop focused on clinical skills and treatment simulations to bridge the gap between theory and real-world application. Furthermore, as neoadjuvant chemoimmunotherapy becomes a standard of care, our scientific program will feature a dedicated multidisciplinary session to address the management of complex toxicities from surgical, systemic therapy, and radiotherapeutic perspectives.

The afternoon will be anchored by an intensive case discussion section, allowing for a rich exchange of global perspectives among peers in pulmonology, oncology, and related disciplines. We believe this gathering will not only sharpen your clinical acumen but also foster a robust international network that will support your professional journey for years to come. We eagerly look forward to welcoming you to an inspiring day of collaboration and discovery in Seoul.

Warm regards,

Korean Association for Lung Cancer

Chairman Hong-Gyun Wu

Director of International Cooperation Sung Ho Moon

PROGRAM

09:00-09:03	Welcome Speech	Hong-Gyun Wu (KALC Chairman)
09:03-09:05	Opening	Sung Ho Moon (KALC Director of International Cooperation)
09:05-09:20	The Future Investigator's Toolkit: Selecting Endpoints for Clinical Impact	Joo Young Lee (Chung-Ang University)
09:30-10:30	Practical Hands-on Workshop: Clinical Skills and Treatment Simulations Tae Hyung Kim (Department of Radiation Oncology, Yongin Severance Hospital) Young Ho Yang (Department of Cardiovascular and Thoracic Surgery, Severance Hospital) Songji Choi (Department of Hematology and Oncology, Seoul National University Bundang Hospital)	
10:30-10:50	Break	
10:50-11:10	MDT-Driven Management of Complex Toxicities in the Era of Neoadjuvant Chemoimmunotherapy: Surgical Perspective	Jin Ho Choi (National Cancer Center)
11:10-11:30	MDT-Driven Management of Complex Toxicities in the Era of Neoadjuvant Chemoimmunotherapy: Systemic Therapy Perspective	Goun Woo (National Cancer Center)
11:30-11:50	MDT-Driven Management of Complex Toxicities in the Era of Neoadjuvant Chemoimmunotherapy: Radiotherapeutic Perspective	Young Seob Shin (Asan Medical Center)
11:50-13:00	Group Lunch and Discussion	
13:00-16:00	Case Discussion	
16:00-16:10	Closing Remarks	Sung Ho Moon (KALC Director of International Cooperation)

1. Qualification

The applicant must be a board-certified specialist who has completed residency training within the past seven years.

2. Number of openings and related departments

- Approx. 30 prs. (First-come and first-served basis)
- Pulmonology, Oncology, Pathology, Thoracic surgery, Radiology, Radiation oncology, etc

3. How to apply

Application link:

- Please go to the above link to submit your application (First-come and first-served basis)
- Guidelines will be sent by email after confirmation

4. Included items

- Round-trip flight ticket (Non-stop, economy class only)
 - 2 nights of accommodation
 - Meals are included
 - 2026 Workshop souvenir
- ※ Flight and accommodation reservations will be made by the KALC secretariat, and confirmation will be sent to participants

※ Notification

- All applicants must register for the 2026 KALC International Conference
- Abstract submission is strongly recommended
- The 2026 KALC International Conference Link: <https://www.kalcic.or.kr/>
