 **26th September**

 **3.00pm - 6.00pm**

 **Live Webinar**

Navigating Severe Asthma's New Frontiers with Phoenix & Lion Wisdom

Building on NAFAS's strong legacy in severe asthma, NAFAS 2026 enters a new frontier with the inclusion of severe chronic rhinosinusitis with nasal polyps (CRSwNP) for the first time. Bringing together pulmonologists and otorhinolaryngologists, the programme will explore evolving insights across EGPA, severe asthma, and severe CRSwNP – where established strengths meet emerging possibilities in the pursuit of better patient outcomes.

Time	Duration	Agenda	Speaker
3:00pm - 3:30pm	30 min	Lion's Roar in EGPA <i>Redefining EOS-Driven Disease</i>	Dr. Sia Leng Cheng
3:30pm - 4:00pm	30 min	Lion's Roar in Severe Asthma <i>Driving Remission Through EOS Depletion</i>	Dr. Syed Ajmal

5:30pm - 6:00pm	30 min	When New Possibilities Emerge <i>An ENT Perspective Through Two Patient Cases in Severe CRSwNP</i>	Prof. Dr. Tang Ing Ping

Meet the Experts Behind Today's Webinar

Dr. Lalitha Pereirasamy
Chairperson
Consultant Pulmonologist
Hospital Pulau Pinang

Dr. Sia Leng Cheng
Speaker
Consultant Pulmonologist
University Malaya Medical Centre

Dr. Syed Ajmal
Speaker
Consultant Pulmonologist
Sunway Medical Centre

Prof. Dr. Philip Eng
Speaker
Consultant Pulmonologist
Philip Eng Respiratory
& Medical Clinic

Prof. Dr. Tang Ing Ping
Speaker
Consultant
Otorhinolaryngologist
Sarawak General Hospital

**Prof. Madya
Dr. Farah Dayana Zahedi**
Speaker
Consultant Otorhinolaryngologist
Hospital Canselor Tuanku Muhriz UKM

Dr. Nurashikin Mohammad
Panelist
Consultant Pulmonologist
KPJ Ampang Puteri

*Meeting contents focus on the field of immunology.
RSVP required. For more information, please contact:*
